OBJECTIVE

As I've transitioned from high school to college, I've learned that the best way to grow in leadership is by giving yourself back to the community around you. Gwinnett Online Campus

GOC Student Government, Lawrenceville, Georgia
President, August 2013 - May 2015

Description: Gwinnett Online Campus Student Leadership is quite honestly the only thing that holds this small charter school together. Because of the optional attendance for classes due to the online class aspect, many of the students who chose to be involved in this program ended up succeeding spectacularly at this school. Whether it was through the planning of monthly events, or the creation of new mentoring programs, there was always something to be done. As with most student governments, there was a hierarchical system designed to spread out the load of work evenly among the members so-as to be as efficient as possible.
